key: D

intro: D C – G

**D** **C** **G** **Bb** **C**  
I got this feeling there's something more, you come along and you open the door  
**D** **C** **G** **Bb** **C**  
Now I see it, now I get it, the little thing that makes it all connect

I got this crazy notion, time to get my faith in motion

Here comes, here comes, here comes, here comes a breakthrough:

I need, I need, I need, I need to follow you

All that, you say, you'll do, I know you'll make true  
**G** **Bb**  
Fully living life with you, come on and break through

**D** **C** **G** **Bb** **C**  
I'm taking action, starting today, this revolution that I'm choosing and I'm not afraid  
**D** **C**  
You say I can do the impossible  
**G** **Bb** **C** **Bb** **C**  
You clear the way and then you say now GO, GO, GO! GO, GO, GO!

(Chorus) (intro break)

half Chorus: **D** **F**  
Here comes, here comes, here comes, here comes a breakthrough  
**G** **Bb** **C**  
Here comes, here comes, here comes, here comes a breakthrough

Here comes, here comes, here comes, here comes a breakthrough  
**G** **Bb** **C**  
Fully living life (fully living life) [repeat all]

**D** **F**  
I'm breaking free from the old life holding me back

You're the one that changes everything, I know that it's true

Now I'm alive, here to thrive, cause your love broke through [repeat all]
