

I Cannot Live My Life Without You

key: E

intro: **F#m** **A** **E**

F#m **A** **E**

Weightless, ignoring all the laws of gravity

F#m **A** **E**

It feels like nothing brings me down

F#m **A** **E**

Your quiet whisper, louder than a thousand voices

F#m **A** **E**

Calling me, you're calling me

Chorus: **F#m** **A** **E**
So this is how it feels to be free, let me never be

F#m **A** **E**

Living without you, I want to soar on your wings, seeing everything

F#m **A** **E**

Now that I know you, I won't break away cause it's plain as day

F#m **A** **E**

That I cannot live my life without you

F#m **A** **E**

I will not live my life without you

F#m **A** **E**

Bending, breaking, it's the cracks in my frame

F#m **A** **E**

That let your light shine in, let your light shine in

(Chorus)

F#m **A** **E**

You're holding on to me

F#m **A** **E**

I'm holding on to you
